GERMAN TROOPS HAVE REPLACED BULGARIANS

(Associated Press)

LONDON, Oct. 28.—The recent report from London that Turkish troops are being concentrated at Burgas, Varna and other points on the Black Sea coast of Bulgaria; is reiterated in Athens. Reuter's correspondent says that the Turks are to oppose the Russian attempts to land troops, having replaced Bulgarians because it was feared the latter could not be counted on to resist the Russians.

A dispatch to the Exchange Telegraph Company, says:

"Five thousand German soldiers from Constantinople are replacing Bulgarians at points in the Black Sea littoral. Defense of the coast has been entrusted to Germany."

Henry Balsz, little brother of Joe Balsz, the Yuma butcher, is assisting at the Balsz market, and will remain here until after Christmas, when he will return to his school work at Los Angeles.

DIGEST THIS, YOU DECIPLES OF BOOZE

IF EATING MEAT PUTS KIBOSH ON YOUR BROTHER, QUIT DEVOURING SAME

If the importance of booze for personal use (whatever that might be construed to mean) would enhance the cause of temperance and drive out bootleggers, as some people declare it would, why was it that more illegal sales of liquor were noted in the court records last year when the saloons were open, than there is now? Now, don't all speak at once. The use of liquor "under any pretext" whatever, encourages crime and illegal liquor selling, and the fact cannot be disputed. The good men of this state who still think they ought to have alcohol can well afford to do without it for the greatest good to the greatest number. The scriptural injunction is that: "If meat maketh my brother to offend I will eat no meat while the world stands."

EXPERIENCED COUPLE MARRIED IN REDLANDS

W. D. Halliday, president of the Yuma Supply company of the Yuma Heights subdivision, and Mrs. L. A. Wrigley, well known in Yuma as one of the most efficient nurses in the Southwest, were married at Redlands last Tuesday evening.

Owing to the illness of the bride's little son at Beaumont, California, she will not come to Yuma at once, but Mr. Halliday is expected home in a few days, according to the genial manager, C. M. White, at the mesa store today.

Mr. Halliday, like the bride, has tried wedded bliss before, his wife having died here several years ago.

The Examiner heartily joins in congratulations to the happy couple.

(Special to the Yuma Daily Examiner)

PHOENIX, Ariz., Oct. 28.—With the signature of Secretary Shaugnessy to a contract for an exhibition of flying from O. E. Williams, one of the world's best, visitors to the State Fair in Phoenix, November 15 to 20, six great days, will have an opportunity of comparing the new with the old methods of air navigation for there will be present also balloons and parachutes from which daily exhibitions will be given. Williams flies a Benoist Tractor biplane, while Ed Unger and his company use gigantic gas bags.

ELECTION IN STATE OF OHIO

There will be general interest in the election in Ohio for the reason that state-wide prohibition of the liquor traffic is an issue again this year, as it was last year in the form of a proposed constitutional amendment which forbids the sale or manufacture for sale of any alcoholic beverages.

The wets have countered this proposal with petitions under the initiative and referendum law by which the people will also vote on another provision which would prevent the submission of any constitutional amendment more than twice in six years. Ohio is the only state in the Union which will vote this fall upon the liquor issue. In addition to the much broader question of prohibition, the so-called liquor license decentralization law, passed by the recent legislature, will be subjected to referendum. The issue concerns largely the method of selection of license commissioners.

The Sprague congressional redistricting bill, passed by the recent legislature, will also be under fire by referendum, which was petitioned by the Democratic state organization. The redistricting law as drawn would, it is declared, result in normal years in the election of sixteen Republican congressmen and possibly six Democratic congressmen. The Democrats claim that the law which they passed when in power divided the districts about evenly as between the two parties.

All cities in Ohio will select mayors and other municipal officers at the coming election, but no state officers are to be chosen this fall.

TEXAS SITUATION IS LEFT TO GEN. FUNSTON

(Associated Press)

WASHINGTON, D. C., Oct. 28.—No additional troops will be sent to the Mexican border except upon the recommendation of General Funston, who reported that extra precautions were being taken to guard the trains carrying Carranza reinforcements from Laredo to Douglas to aid Calles in the defense of Agua Prieta.

The other day a man was strapped in a chair and his life burned out by electricity. He had murdered one man. The liquor traffic murders over 66,000 men every year.
